Wednesday, January 24, 12-1:30pm

A Dream: The Wake-Up Call

Innovation Hall 104/116 (PC)/Campus Center Multipurpose Rooms (BC)

Martin Luther King, Jr. Celebration: Dr. Marc Lamont Hill, a leading intellectual voice in the U.S., host of BET News, CNN political contributor, and award-winning journalist, will address social justice and our responsibility to address injustice in today's society. Dr. Hill is a recipient of awards from the National Association of Black Journalists, GLAAD, and the International Academy of Digital Arts and Sciences; he is the Steve Charles Professor of Media, Cities, and Solutions at Temple University and held positions at Columbia University and Morehouse College. Since his days as a youth in Philadelphia, Dr. Hill has been a social justice activist and organizer. He is a founding board member of My5th, a non-profit organization devoted to educating youth about their legal rights and responsibilities; a board member and organizer of the Philadelphia Student Union; and works closely with the ACLU Drug Reform Project; and national campaigns to end the death penalty.

Wednesday, February 7, 12-1:30pm

IPE Shared Learning

Naloxone Training and Medication Assisted Treatment

Innovation 104 (PC)

Amidst the ongoing opioid epidemic, two harm reduction tools—naloxone and medication assisted treatment (MAT)—have emerged and can help prevent the adverse health outcomes of opioid use. Learn from local public health and health care providers what naloxone and MAT are, how they work, and how you can play a role in their usage.

- **Social media:** #IPEUNE #substanceuse #harmreduction #MAT
- LIVESTREAM

Thursday, February 8, 5:00pm; Snow Date February 15, 5:00pm

Faith and Healing: When Chaplains and Health Professionals Join Forces

Innovation 101 (PC)

How do health care centers facilitate the delicate balance between spiritual and physical wellness? Students are invited to a Q&A panel discussion to learn how chaplains in the medical field collaborate with social workers, nurses, doctors and other care providers to better address the health needs of spiritual patients.

Recognizing Human Trafficking Victims in Maine

Ludcke Auditorium (PC)/ Alford 304 (BC)

Human Trafficking – the coercion and force of individuals into prostitution, domestic and other services through sexual, physical and/or psychological violence – is a significant and unrecognized problem in Maine. Please join us for interactive discussions with Ridelphine Katabesha, Anti-Trafficking Case Manager at Preble Street, to learn how students can recognize potential trafficking victims in field placements/clerkships and the workplace. Preble Street Anti-Trafficking Coalition offers resources to furnish survivors with tools, advocacy and stability for resilience and recovery.

Film Viewing: BOTTOM DOLLARS

Ludcke (PC)

IPEC and the Leadership Education for people with Neuro-developmental Disabilities (LEND) group host the showing of “Bottom Dollars”, a powerful documentary about the history and future of work for people with disabilities. Through personal stories and interviews, Bottom Dollar exposes viewers to exploitation experienced by people with disabilities and presents options for employment alternatives and community inclusion.

Stigma and Recovery: Change Attitudes, Change Actions, and Champion Recovery in Healthcare

Innovation 104 (PC)/ Decary Function Room 2 (BC)

We are change agents when it comes to creating recovery-ready healthcare organizations, communities, educational institutions, and service agencies., This program explores the impact of stigma on people living in or seeking recovery from substance use disorders; engages participants in identifying structural, public and self-stigma; and identifies ways to adopt language and take actions to align with and support the development of recovery- oriented language, healthcare, and self-efficacy and community engagement. Lunch will be served.
